

## Happy Father's Day!

Dads love us from the time of our birth.  
Dads teach us our eternal worth.  
Dads love to play and rough house.  
Dads nap with us, quiet as a mouse.  
Dads show us all the great stuff outside.  
Dads calm us by taking us for a ride.  
Dads are strong when we are weak.  
Dads carry us, holding us cheek to cheek.  
Dads model the Father's grace and love.  
Dads are our special gifts from above.

I love you, Dad!
